

OPEN HOUSE

Onsite Wastewater Treatment Demonstration Facility

Tuesday, October 14, 2025
11:00 - 2:00

The Maryland Onsite Wastewater Professional Association (MOWPA) and University of Maryland College of Agriculture and Natural Resources invites you to tour the new development of a hands-on education facility to demonstrate technology and provide instruction and training on onsite wastewater treatment, or septic systems.

The two-acre site presents unique opportunities for homeowners and various professionals to experience a variety of wastewater treatment technologies including: conventional septic systems, waste water dispersal methods, and advanced treatment or best available technology (BAT) systems.

LUNCH is PROVIDED

4240 Folly Quarter Road
Ellicott City, MD 21042

To Register go to: <https://www.eventbrite.com/e/mowpa-septic-demonstration-facility-open-house-tickets-1584024302329?aff=oddtcreator>
